Observations... From Around Town

(BY JAY WHOZIT)

Last Saturday's election produced one first primary winner, Sylvan J. Ladner, Jr., with a majority of slightly over 20 votes, leaving W. L. Bourgeois incumbent and J. C. Roland Jr. opposing each other in the runoff for the other Commissioner's seat while in the Mayor's race, G. Y. Blaize, incumbent and Warren J. Carver, who led in the first primary with 346 votes oppose each other for that important post. We want to take this opportunity to congratulate the voters, a little over 1300 who cast their ballots in the first primary, for the orderly manner in which they did it. There was not the slightest untoward incident to mar this important day, and this is as it should be. The New Orleans item afternoon papers, on Monday and Tuesday of this week published full-page spreads showing the reorganization now in progress on the Mississippi Coast in the wake of the disastrous September hurricane, and we must say they were very informative and interesting, especially the pictures. Of course all the rebuilding so far is being done by private property owners so let's hope that something substantial happens in the near future in the way of municipal rebuilding and improvements. The organization of the Teen-Age Club recently is one of the most important things that has happened in our town in some time, important to our future and present generation, and is something that this column has long advocated. We congratulate those responsible for this organization and extend our sincere best wishes for its success. We don't know how many of you have noticed the difference, but our suggestion in this column several weeks ago, to President J. B. Hill, of the L. & N. Railroad, to suspend the loud blasting noise made by the midnight streamliner in the city limits produced results, and the noise has been cut down considerably. In case you failed to read it here last week, we want to remind you that a large group of REA representatives meet here this week end, and the Hotel Reed will not be able to accommodate all of them, so if you have rooms or apartments to rent, contact Mr. Le Tissier at Hotel Reed. Camp St. Joseph closed its summer season on last Sunday and Camp Stanislaus will end its 1948 session on this Sunday after five full-filled weeks according to a statement made by the Mississippi State Highway Department, this week, the approximate estimated cost of repairing the burned section of the Highway bridge is \$405,000, bids for which will be opened this Friday morning, at 10:30 at the Highway Department office in Jackson. Approximately 3350 feet must be replaced. Mr. Mayor, some time ago we mentioned to you about the garbage situation, especially during the hot summer months, but so far there has been no change in the manner of handling the collection of the garbage. We may suggest that you look into this matter as it is very important to the health and welfare of our people.

Warren J. Carver Leads In Mayor's Race With Total Vote Of 346

Mayor Blaize in Second Place Will Be in Run Off With
Leader—Sylvan J. Ladner, Jr., Elected in First Primary
As Commissioner—Bourgeois and Roland In Run-Off

The Democratic Primary Election for the nomination of Mayor and Commissioners of the City of Bay St. Louis was held Saturday, July 10th, 1948. 1304 electors cast their ballots on this occasion for the candidates of their choice for the respective positions.

The polls opened at 7 A. M. and throughout the day there was a steady outpouring of voters. With the opening of the polls lines had formed at each precinct. It was a very quiet election day. Before the completion of the counting of the ballots a slight rain fell, and when the final count was announced it was still drizzling, and the crowd waiting to hear the returns made no demonstration and soon returned to their homes.

Monday morning, at 10 o'clock the City Democratic Executive Committee met to canvass the returns, and the official count as found by the Committee was as follows: North Bay St. Louis Precinct—For Mayor—Blaize 160, Carver 148, Lang 24, Ramond 91, Scafield 148, Sumrall 87. For Commissioner—Blaize 76, Bourgeois 322, Glover 173, Ladner 335, Roland 247, Witter 137. South Bay St. Louis Precinct—For Mayor—Blaize 166, Carver 198, Lang 44, Ramond 48 Scafield 111 Sumrall 66. For Commissioner—Blaize 76 Bourgeois 280, Glover 237, Ladner 320, Roland 245, Witter 89.

The total vote for each of the candidates was as follows: For Mayor—Blaize 326 Carver 346, Scafield 259, Ramond 139, Sumrall 153, Lang 68.

For Commissioner—Ladner 655, Bourgeois 602, Roland 492, Glover 410, Witter 226 and Blaize 147.

In the Mayorality contest Warren J. Carver led the incumbent G. Y. Blaize by a vote of 346 to 326. In the race for Commissioner Sylvan J. Ladner, Jr., received a majority of the votes cast with a total of 655, and was declared the nominee by the committee. W. L. Bourgeois the present Commissioner of Finance was second with a total vote of 602 and J. C. Roland, Jr., received 492 votes placing third and neither having received a majority of the votes cast will with Mr. Carver and Mr. Blaize enter the second primary contest on Saturday, July 17th, for the respective offices.

The polls will open and close at the same time Saturday as they did on the day of the First Primary. The same managers and officers of the election will have charge of the voting precincts, and the polling places will be in the same locations at the City Hall as for the first Primary.

The election will be held under the Corrupt Practices Act, and under the law which governs all primary elections in Mississippi, it is mandatory that all ballots must be initiated before they are handed to the voters. Some of the voters in the first primary, who voted for the first time, did not realize that this was necessary and were of the opinion that their ballot was being marked, in order that some person might know how they voted. This was not the case, the managers were simply following the law.

Remember to vote again this Saturday, and remember to bring your poll tax receipts or your old age or under age certificate exempting you from the payment of poll taxes.

—The Baptist Brotherhood of the First Baptist Church held its July meeting on Monday night. The following officers were elected for the ensuing year: A. H. Gregory, president; M. L. Hill, vice president; W. Weber, secretary and treasurer; M. J. Necaise, program chairman.

These boys are to be sponsored by clubs and other agencies. Mr. Marlar has been guaranteed the sponsoring of one boy by the Bay-Waveland Garden Club as has been the policy of the club for the past five years.

—Mr. and Mrs. Paul V. LaCoste will leave Saturday of this week for The Lake in the Rio Grande Valley, Texas. The Lake is the property of Robert Briggs of San Antonio, Texas. Their little daughter Lucy will be with Mrs. LaCoste's parent Mr. and Mrs. Harold B. Weston.

A large and interested group enjoyed Mr. Bill Adams' talk on "How You Look to Your Florist." Uncle Charlie, a native of Rankin County, was well known in Hancock County and had distributed fish in this area for restocking purposes since 1938.

It can truly be said that many a fisherman whips a shady pool some where in the state and takes his bag limit because of the activity and effort of the veteran fish handler and distributor.

Little Theatre To Present "Night Of January 16th" Last Week In July

Something new in theatricals will be the feature of the evening when the Bay St. Louis Little Theatre presents the "Night of January 16," in the new playhouse on Boardman Avenue. There have been plays before with vague endings, but this is the first one in which the audience takes an integral part in its development and conclusion.

With an attractive and talented young woman on trial for her life, the jury selected from the audience is given the problem of deciding her guilt or innocence. It is your constitutional right and civic obligation to register for jury duty on this important occasion.

As you buy or present your tickets at the door, patrons may leave their names as candidates for jury duty. On the evening of the performance these names are given to the clerk of the court, who places them in a drum, and the twelve that are drawn by lot are selected to serve. The clerk addresses the audience and explains that twelve of them will be called upon to come up on the stage and decide upon the verdict. One by one they step up on the platform and take their places in a regular jury box just as they would in a legitimate court trial, are sworn in, and listen to the testimony. Both men and women are eligible, although in some states women are

excluded from jury duty.

Between the acts the jurors are led off the stage to a small deliberation room. Each act represents one day of the trial. Just before the ending of the third act the jury retires for the last time to render a verdict. They vote after a short discussion and although legally a unanimous decision is required for a verdict for the sake of dramatic brevity a majority vote is taken as decisive for the trial.

Announcement of the selected members of the cast and the exact date for this play will be made next week—but until the actual evening of the performance no one will know who is to serve on the jury. Among the well known people who have served on the jury the professional New York performances of the play are Jack Dempsey, James Roosevelt, Ricardo Cortez, Babe Ruth and Helen Keller. On one occasion four United States Congressmen were among the jurors: Buckner of Pennsylvania, Dunn of Minnesota, McFarlane of Texas and Charles Kramer of California.

Interested and curious citizens of Bay St. Louis and Waveland are requested to keep away from the Little Theatre during the rehearsals now in progress so as to make it possible to select a completely impartial jury for the "Night of January 16."

A series of robberies have taken place within the last two weeks in Bay St. Louis. The Bobby Anne Bakery, was entered and the cash register was rifled and left on the back porch of the Post Office. On the same night Arzeneaux's Super Service was entered, but the robbers did not disturb anything, and they then visited the Bay Merc. Company where much merchandise was taken.

The robber was apprehended in New Orleans and charged with a robbery there. He confessed to entering the places in Bay St. Louis. We were unable to ascertain the name of the 19 year old youth, who perpetrated these robberies in Bay St. Louis and the only information that we have is that he was from New York and that he is now being held by the New Orleans authorities for trial there. In addition to the Bay St. Louis and New Orleans robberies, he also confessed to robbing business establishment in Slidell. The loot taken from the Bay Merc. Company were practically all recovered.

On Saturday night the office of the Cue Oil Company was entered, and the two safes were broken into, and money in the sum of \$782.00 was taken.

The robbery took place some time after 11:20 Saturday night, as Mr. Cue came by his office to get his paper and his mail before going home, and no entry had been made at that time.

The entry was made by breaking the lock on the front door. The outside door of one safe was opened without breaking the combination, and the inside door was drilled. The combination on the other safe was broken and then nitroglycerin was used to blow the lock.

The papers and other valuables in the safes were not disturbed. The only missing articles was the cash. A large amount of checks in the safe at the time was not taken.

The robbery was discovered on Sunday morning by Alvin Genin, bookkeeper for the company. When he reached the office he noticed that the door was unlocked and thought that Mr. Cue had failed to lock it. Upon entering he discovered the safes open and the papers strewn about the office.

The sheriff's office had a fingerprint expert try to raise some prints but this was impossible.

On Tuesday night or early Wednesday morning of this week, the DiBenedetto Food Store was entered by robbers, who made away with a large quantity of meats, cigarettes and other merchandise. The entry into the building was made through the front door and then the intruders opened the side door to load their loot. The loss is estimated by Mr. DiBenedetto at approximately \$400.00.

City Policeman Paul Gelfoff discovered the robbery and saw the car drive away he attempted to follow and soon gave up the chase being unable to overtake it. He secured the license number and the New Orleans police department was notified and two of their patrolmen spotted what they thought was the wanted car on the Gentilly Highway near Paris Road, a while later. They gave chase at 85 miles an hour but were outdistanced, as the car sped in the direction of the business section of New Orleans.

The sheriff's office reported late Thursday evening that Sheriff Johnson was on his way to New Orleans to get the robber who had been apprehended by the New Orleans Police Department.

HEALTH DEPARTMENT TYPHUS CONTROL SURVEY COMPLETED

Results of the Typhus control work carried on in Hancock County by the County Health Department and the Mississippi State Board of Health indicates a slight drop in percentage of rats infected with Typhus and an almost 100 per cent drop in rat fleas, the carrier of Typhus fever between rats and humans.

The control program, consisting of rat poisoning and DDT dusting for fleas, is believed by health officials to be directly responsible for no Ty-

phus fever being reported in humans this year in Hancock County.

One year ago, 50 per cent of rats trapped were positive for Typhus and 60 per cent had fleas on them. In the survey started in June of this year, 37 per cent of the rats were positive but no fleas were found.

These results seem to indicate that the use of DDT dust is necessary to keep the flea population at a minimum, thereby reducing the chances of human infection.

TO THE VOTERS OF BAY ST. LOUIS:

I wish to take this means of expressing to each and every one my very deep and sincere appreciation for the vote given me in last Saturday's primary.

In the same manner in which I solicited your vote and support in that primary I now very earnestly solicit your continued support in the second primary.

My victory will be your victory. Your victory and mine will mean an end to the suppression and enslavement in which the people have been held for the past many years. It will mean the end of BOSS RULE which has held our community down and which will continue to hold it down until such time as that BOSS AND GANG RULE has been completely and decisively eliminated from public affairs.

TEEN AGE CLUB HAD "FUN NIGHT" LAST THURSDAY

On Thursday, July 8, the Teen Age Club had a full attendance for their Fun Night which was held in the Bay High gymnasium.

As each member arrived they were handed a number that was arranged so that the girl held the corresponding number to the boy's; in this way partners were chosen for the grand march led by Sylvia Ladner. The march was followed by dancing and a cracker-eating contest with Betty Lusk, Norma Collier, Teddy Morel, and Watson A. Johns participating. Watson A. Johns won the prize.

The constitution and by-laws were read by the President, Cyril J. Favard; then the posters were judged. Dianne Reeder won first place in this contest for her artistic poster.

On Monday, July 10, the executive board met at the home of Mrs. Assenheimer to compose a club song and perfect the constitution. Following the meeting refreshments were served.

IT'S TIME FOR A CHANGE

Just prior to last Saturday's primary election, a rumor was circulated to the effect that I was being supported by the present administration. I was too late for me to correct the rumor at that time, however I wish to do so NOW.

When I announced my candidacy for the office of City Commissioner, I made the statement that I would conduct my campaign on an INDEPENDENT basis. I repeat that statement at this time: I AM STILL INDEPENDENT, AND AM NOT SUPPORTED BY ANY FACTION.

I wish to thank my friends for the wonderful support given me in the primary election on July 10th, and I earnestly solicit your support and influence in the coming election on SATURDAY, JULY 17th.

You indicated your desire FOR A CHANGE as shown by the results of the first primary. Let's go to the polls on SATURDAY, JULY 17TH, and COMPLETE THE CHANGE BY VOTING FOR

Veterans' News

The Veterans Administration reminds veterans that July 31 is the last day for reinstatement of lapsed National Service Life Insurance on a "comparative health" basis.

Before August 1, an eligible veteran may reinstate any amount of term insurance—from \$1,000 to \$10,000 in multiples of \$500—regardless of the length of time it has been lapsed, and usually without a physical examination. He need only fill out a simple application form in which he certifies that his health is as good as when the policy lapsed, and pay premiums for two months.

The privilege of reinstating on this basis will be available after July 31 only to veterans whose policies have been lapsed for less than three months. Where the period of lapse is three months or longer, the veteran will be required to take a physical examination and qualify as an insurable risk, VA said.

Veterans carrying National Service Life Insurance term policies will be able to renew them for an additional five years upon expiration of the present term period, under Public Law 838 passed by the last Congress. Term insurance taken out before January 1, 1916, carries a term period of eight years from date of issue. Policies issued after that date are for a five year term.

The first NSLI policies were issued to men in service in October, 1940. Therefore, the first term periods

QUESTIONS & ANSWERS

Q—I am going to be trained under Public Law 16 and would like to know if I can borrow money from Veterans Administration in case of need when I enter training?

A—Yes. Loans from a revolving fund, provided by Congress, not exceeding \$100 in any case, may be made to trainees commencing or undertaking vocational rehabilitation.

Q—Is it true that if I secure a guaranteed loan, VA will pay part of the loan without cost to me?

A—Veterans Administration would pay to the lender, for credit to your account, and amount equal to four per cent of the guaranteed portion of the loan. For example, if the guaranteed portion of your loan should be \$2,000, the lender would receive \$80 from VA to credit to your debt and you would not have to repay this amount.

Q—Can I a veteran of World War II, get a guaranteed loan to go into any type of business I want?

A—Yes, you are permitted to get a guaranteed loan for any type of legitimate business on which the lender is willing to lend you money, provided your ability and experience as well as the conditions under which you propose to operate your business are such that there is a reasonable likelihood you will be successful. Also the total cost must not exceed the reasonable value of the business.

Q—I am in training under the GI Bill and am writing a thesis for my Ph.D. Will the Government pay the cost of publishing this thesis?

A—No.

MARCH, 1894

The Echo came out on Saturday instead of Friday in those days, and it contained only one page of local news items.

Louis J. Piernas was postmaster, but there were rumors circulating that when the Democrats would take over a new postmaster would be appointed; the rumor had it that Mr. Joseph Saucier would take over.

A little sunbeam brightened the home of Mr. and Mrs. C. A. Bordages; and Dr. and Mrs. G. L. Mitchell rejoiced over the advent of a new-born son.

In 1894 the state was to have a coat of arms; it was suggested that a cotton ball and flower would form the conspicuous part of it.

Mr. Louis Sportorno, an enterprising merchant, visited New Orleans. Mr. Severin Bourgeois, 78 years of age, died.

The City Fathers reduced the privilege license on cigarette dealers from \$25.00 to \$5.00.

Mayor and Mrs. John T. McDonald, from Pass Christian, were visiting relatives.

Mr. Julian Mauffray rented the senate building to open a merchandise store. Mr. Joseph O. Mauffray was clerk in the new store.

Both St. Stanislaus College and St. Joseph Academy were awarded honors for their educational exhibits at Chicago's World Fair.

The marriage of Miss Ida Favre to Mr. Paul Chauvet was formerly announced. It took place at the Catholic church on March 28th.

The marriage of Miss Vickie Breath to Mr. W. J. Gallup was announced for April 5th.

Mr. Frank Dillman was making plans to open a bakery, the fourth in the Bay.

... the RIGHTS of all!

Protection of public and private rights forms a large and important part of Mississippi's new oil and gas conservation law.

Every effort has been made by the State Legislature to safeguard equally the rights of every land and royalty owner; the State and its citizens; and every producer, whether large or small.

To assure everyone of the greatest benefits from the State's oil and gas resources, the law prohibits proration of production of any well in Mississippi on the basis of market demand. Every well may be produced at its maximum efficient rate, subject only to the prevention of waste and the protection of the rights of all owners in the pool.

Many of the law's provisions set broad patterns to be followed by the Board in making rules and regulations. While the Board has been given wide authority in spacing and drilling practices, all sections protect every interested party. Those who believe they have been adversely affected may appeal to the Board and have their case argued in public hearing. If either party feels they are still aggrieved by the Board's decision, they are given full opportunity to take their case into the courts.

Through the protection of these and other rights the law encourages the fullest and most rapid development of the oil and gas industry in the state. You, as a citizen, have a vital interest in this industry because what helps the sound development of our oil and gas resources helps Mississippi and all Mississippians.

This is one of a series of informative messages to the public interest. Your comments or questions are welcomed.

ORTE THEATRE
WED. - THURSDAY
"THE SWORDSMAN"

In Technicolor With Larry Parks — Ellen Drew

The great tradition to romantic adventure on the screen has seldom if ever, hit such a peak of excellence as in Columbia's "The Swordsman," which opens at the Orte Theatre. Filmed in all the glory of Technicolor and boasting an exuberant performance by Larry Parks in the dashing title role, "The Swordsman" is completely captivating film fare.

Sweeping action and tender romance feature this swashbuckler of a picture. Its swiftly-moving story of two feuding Scottish clans is replete with duels to the death, galloping horses, fiery love and colorful background.

Parks, as the young scion of one warring clan, falls violently in love with Ellen Drew of the opposite faction. He longs to bring the eternal clashes to an end but circumstances dictate that he himself come into violent conflict with his enemies. Parks kills one opponent in a thrilling exhibition of swordsmanship but is eventually trapped and taken prisoner. His kinsmen, however, prevent any harm to him when they arrange for an exchange of prisoners. Parks almost smoothes the troubled situation but violence once more erupts in a vicious hand-to-hand mass sword fight climaxed by his own triumph over the villain.

Striking fire with the sheer vibrancy of his performance, Parks will win new adherents by the thousands. Miss Drew makes a completely satisfying heroine and also has a way with a costume. Assorted Scottish stalwarts include George Macready, Edgar Buchanan, Ray Collins and Marc Platt.

Legal Sale Of Beer
Is Best

Where you have prohibition of the legal sale of beer, you have bootleggers with no respect for law and public decency. They operate on a wide scale, and you have no control over them.

Now, compare that with the conditions that surround the legal sale of beer. Here you have three-way control over the situation with community, state and industry cooperation to see that beer is sold only under respectable conditions.

This three-way control starts in the local community where your officials, backed by local public opinion, can control conditions under which beer is sold.

Next, you have the State Tax Commission, which carefully decides who is to have a beer permit. They revoke beer licenses if there has been a conviction of illegal trafficking in hard liquor or of violations of the beer law.

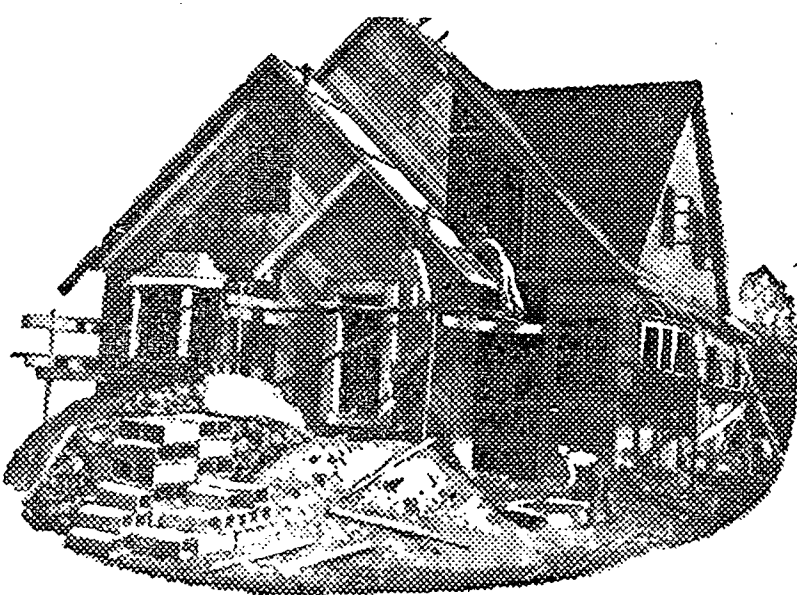

And, third, you have the Mississippi Division of the U. S. Brewers' Foundation, always watchful to see that beer retailers obey the law and respect public decency.

From where I sit, the legal sale of beer which affords this three-way control, is best.

Haver with Lon McCallister. A story of young love, heart-stirring emotions and violent conflict, the picture, produced by Walter Morosco and directed by F. Hugh Herbert, was filmed in the rich tradition of the studio's sensational successful "Home in Indiana" and "My Friend Flicka."

Twentieth Century-Fox, quick to appreciate the undeniable appeal of the story, purchased the screen rights while it was running serially in a national magazine. The novel was then published in book form, and later condensed in Reader's Digest to be acclaimed as one of the most unusual and heart-warming stories of the year by millions of additional readers. By that time, Morosco, already preparing the production, assigned well-known stage and screen playwright Herbert, who had authored such successes as "Margie," "Kiss and Tell" and "Home Sweet Homicide" to adapt it for the screen.

HAVER, McCALLISTER
REUNITED

The casting of "Scudda-Hoo! Scudda-Hay!" brings June Haver and Lon McCallister together for the first time since their pairing in the film version of another Chamberlain story,

"Home in Indiana," which brought stardom to each.

Her current picture gives Miss Brennan, who helped give June and Haver the first dramatic role in a Lon their send-off to stardom in career marked by the sensational "Home in Indiana," is seen as "Tony record of seven successful Technicolor Maule" philosophical judge of good mules and whiskey. Another Academy Award winner, Anne Revere, plays heroine who keeps rivalry hot between Lon and Bob Karnes.

For McCallister, "Scudda-Hoo! Scudda-Hay!" marks his first stellar appearance in a role especially tailored for him by the author of a novel. SYLVAN J. LADNER Jr.
EXPRESSES THANKS

To The Voters of Bay St. Louis:

I am indeed grateful for the splendid vote I received in the Democratic Primary Election on July 10th, 1948, when I was nominated in the first primary, as one of the City Commissioners.

I wish to express my sincere appreciation to my many friends and supporters. To those who may have had another choice among the candidates for Commissioner, I want them to know that I hold no animosity.

You may be assured that my office will render the service and attention that you would expect from a capable and efficient public official.

Far be it from me, as your humble public servant, to attempt to dictate as to whom you should cast your vote for the office of Mayor and other Commissioner in the second primary on July 17th, 1948 but I would appreciate you giving consideration to the candidate for each office, who is independent, uncontrolled and not dictated to by any faction or individuals, and that you will conscientiously cast your ballot for the candidate who will be willing to cooperate and work for the improvement and advancement of Bay St. Louis.

Again I wish to thank each and every one of you for your vote and the support given me.

Cordially yours,
SYLVAN J. LADNER Jr.

Rockachaws Sure Of Tie- Win Over Picayune Friday Clinches Regional Championship

The American Legion Rockachaws of Bay St. Louis, assured themselves of at least a tie in regional play by trouncing Picayune last Friday 19-3 on Hattiesburg Wednesday afternoon and Hattiesburg Wednesday 8-4. On Friday, July 16, the locals travel to Picayune to play the Cardinals in their last scheduled game of the season. If the Rocks defeat Picayune in this game the regional championship will be theirs. Taking advantage of 7 hit pitching by Tony Pitato the Rocks jumped on Hattiesburg Wednesday afternoon with both feet and emerged winner by an 8-4 score. Uhle, lead off man and big gun in the Rockachaw offenses had a perfect day at bat with 2 walks, 3 hits, and 3 runs. He was closely followed by Pitato who had 3 for 5 at bat. Charley Carter and A. J. Chiniche scored two runs each.

District play offs have not been announced as yet, but in all probability the Rocks will have an opportunity to meet Gulfport or Pascagoula in Hattiesburg.

Southern Forest Nurseries to Set Production Record

Increased demand by owners of woodlands throughout the South is resulting in increased production by state forest nurseries, as this chart shows. In the background is a typical nursery.

Production of forest nurseries, operated by 12 southern states, will reach a record peak of 209 million seedlings in 1948-49, according to a survey just completed by the Southern Pine Association. This is an increase of 113 per cent over the 1947-48 production of more than 98 million seedlings.

"The increase in forest nursery operations is especially significant because it reflects increased demands for planting stock from thousands of woodland owners, farmers as well as the forest industries," the survey pointed out. "Only a few years ago, many of these nurseries could not dispose of the stock they produced. Today, even with greater production, they are not yet able to meet present demands. Tree planting is only part of the improving conditions in southern forestry which demonstrate a growing recognition of the value of trees as a crop."

The number of forest nurseries operated by southern states is in-

	1947-48	1948-49
Alabama	5,977	19,199
Arkansas	4,228	10,150
Florida	10,750	25,000
Georgia	17,715	48,500
Louisiana	9,500	25,000
Mississippi	14,415	19,500
North Carolina	6,000	9,180
Oklahoma	1,200	1,500
South Carolina	11,000	25,000
Tennessee	200	4,000
Texas	15,839	19,500
Virginia	1,600	3,000
Totals*	98,424	209,509

* Virtually the entire production of these state nurseries is provided at cost for planting by private land-owners.
